Edward Hopper Outside Looking in

Hopper

- Excellent paintings looking into spaces. Elements of Pop Art with hoardings, signs, lights and street furniture with atmospheric spaces. The windows are the barriers and we are looking into bright uptouchable spaces.

Vincent Van Gogh

Vincent Van Gogh 'Prisoners Exercising' 1890 Vincent painted this towards the end of his stay at the asylum at Saint-Rémy. This painting shows prisoners exercising so the figures create a barrier and they are contained by the physical barrier of the yard. Its easy to see how Vincent felt about the asylum. His painting is a stylised copy of an earlier print by Gustav Dore
